Which Is The Actual Cost of Making!

The whole story is told in the pictures and the price. It is evident at a glance that the styles are distinctive—the sort ordinarily found only in costly garments. This is because they are copies of imported models, tailored in one of the most exclusive tailoring establishments in New York. Yet the price is lower than one has to pay for a commonplace suit!

As to materials, nothing less than fine Poirer Twill, Tricotine, Men's Wear and Army Serge have been used.

Pure Silk Braid embellishes many of the more dressy styles. Others of strictly tailored persuasion display smart notched or Tuxedo collars, odd belt and pocket arrangements and numerous buttons.

Excellent linings, buttons and workmanship serve to provide that "finished" appearance only garments of the better sort display.

Sizes 34 to 44 in. Navy Blue, Oxford and Black. Extra sizes, 46, 48 and 50, in Navy Blue and Black only.
